### DETAILED ACTION

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William J. Kolegraff on April 12, 2004.

The application has been amended as follows:

Claim 1, line 17 delete "are" and insert --air--.

Claim 15 delete "80" and insert --70--.

### *Allowable Subject Matter*

1. Claims 1-15 are allowed.
2. The following is an examiner's statement of reasons for allowance: the cooking device of independent claim 1 defines over the prior art of record since the prior art does not teach, suggest, nor render obvious an adjustable vent between the air introduction fan and the cool-air hole controlling the amount of cool outside air drawn in, and a temperature adjustor coupled to the adjustable vent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
